Mermaids

The Coloring Book

Maxine Mannion

A coloring book filled with whimsical mermaids draws kids in

Maxine Mannion has a soft spot for all things beautiful and magical. She draws inspiration from the natural allure of mermaids—mysterious and captivating creatures. Each mermaid has a whimsical name and a verse that describes them in this one-of-a-kind, hand-drawn collection.

Maxine Mannion is a stylist, singer, author, and artist. Growing up reading storybooks, playing dress up, watching Disney, and coloring with her two older sisters, Maxine has always had a soft spot for fantasy and fairytales. Born and raised in San Rafael, California, Maxine attended San Diego State for a bachelors degree in English. When she is not writing poems or meticulously drawing new mermaid characters, she enjoys reading romance novels and spiritual books, writing songs, traveling with family or friends, and styling clients for special events.
